OVERVIEW

The International English Language Testing System (IELTS) was designed to assess the language skills of those who need to use English to study or work. The fastest-growing English language test, IELTS is recognized worldwide. It is divided into categories, known as 'bands'. Our IELTS courses will help you achieve the band you need as quickly and effectively as possible. By assessing your English skills and any previous IELTS band score, we can ensure you begin your IELTS study at exactly the right level. IELTS lessons focus on student goals, so each week, guided by a general topic from the IELTS exam, you practice speaking, listening, reading and writing skills in a warm and friendly environment. Our dedicated IELTS Coordinator is always available to talk to you about your IELTS goals.
